
INSTITUT NATIONAL DE RECHERCHE PÉDAGOGIQUE

National Institute for Educational Research

Marie-Odile Maire-Sandoz
Centre Alain Savary
Budapest 2008

INRP

www.inrp.fr

- A national public agency
- Under the supervision of the French ministries of Education, Higher Education and Research

A national influence

and a privileged location in Lyon

General purpose

- to develop and enhance research in the field of education and training
- to support national and academic decisions

INRP's role

- To lead and mobilise the scientific community in terms of research in education
- To mediate between scientific research and stakeholders in the education system

A place for production,
exchange and debate

Thematic priorities

- 
- **Common base of knowledge and skills**
 - **Career and educational guidance**
 - **Social and educational inequalities, compensatory policies**
 - **ICTs applied to education**
 - **Secondary education monitoring**
 - **Primary education curricula**

4 main programmes *the framework*

- Learning, Curricula and Didactics
- Teachers' Professional Expertise
- ICTs in Education
- Public education & training policies
and schemes

Research

An original research organisation

12 research teams:

4 joint research Units (UMRs)

- **ICAR**: Interaction, corpus, learning, representation

- **STEF**: Sciences, Technics, Education, Training
- **ADEF**: Learning, Didactics, Evaluation, Professional training

Research

Other research and transfer units:

- **Eductice**: Teaching & using ICTs in education
- **ACCES**: Continuous Updating of Science Teachers' Knowledge
- **ECEHG**: Stakes in Contemporary History & Geography Teaching
- **CAS (Centre Alain Savary)**: Priority / affirmative / compensatory policies
- **SHE**: Department of History of Education
- **EF2L**: French, Languages and Literature
- **La Main à la pâte** (Hands on Science activities)

Research

Collaboration with 800 teachers

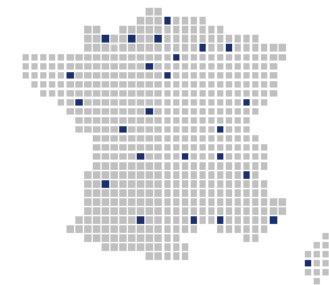

Contextualised research in partnership with

Universities, Ecoles Normales Supérieures,

IUFMs (Teacher Training Institutes)

and other institutional partners

*National location of
research programmes*

Research results transfer

- Training of trainers
- Scientific watch and information
- Production and dissemination of resources
- Conservation, development of museographic and bibliographic collections
- Advice and expertise

Research results transfer

→ Training of trainers

INRP aims:

- to improve the links between research in education and training
- to put the institute's resources at the disposal of teacher trainers and education managers, its main target public

In partnership with the teacher training institutes and education authorities:

- organises seminars and training sessions, Masters and PhD training
- provides online resources

Research results transfer

→ Scientific watch and information

INRP produces, collects and disseminates quality scientific information through a large range of publications.

Via the Website, it is possible to access to publications, databases, Scientific and Technological Information Centre's productions and Institute's teams' work.

Research results transfer

→ Production and dissemination of resources

Different websites based on specific topics and dedicated to different categories of users offer educational files, downloadable applications, experimentation schemes, databases and catalogues.

Research results transfer

→ Conservation, development of museographic and bibliographic collections

A rich base of over 1.5 million of books, documents and school artefacts in:

The Library

Lyon
Partner of the BNF
600 000 volumes

The National Museum of Education

Rouen
One of the five
national scientific
museums
950 000 items

Research results transfer

→ Advice and expertise

INRP provides expertise and advice, in particular on behalf of the French Ministry of education.

Publishing activities

45 books per year, 7 Journals

Online resources:

- databanks (library, museum, etc.)
- VST newsletters and bulletins
- electronic reviews
- educational softwares
- bulletins (*XYZep* priority education, *Mapmonde*)
- Websites
